The football league is open to boys and girls of all skill levels and will run from April through June. The goal will be to allow boys and girls the opportunity to learn tackle football skills while having fun and enjoying social aspects of the game. This will provide a wonderful opportunity to instill the value of good sportsmanship in our city's youth, while at the same time developing their athletic skills.

- All standard protective equipment will be supplied with the exception of non-metal football cleats, mouth guard and water bottle to be brought to each practice and game.
- If your child is interested in playing but we can't get the required number of registrants in their age group, they can still play on a Brockville based team.
